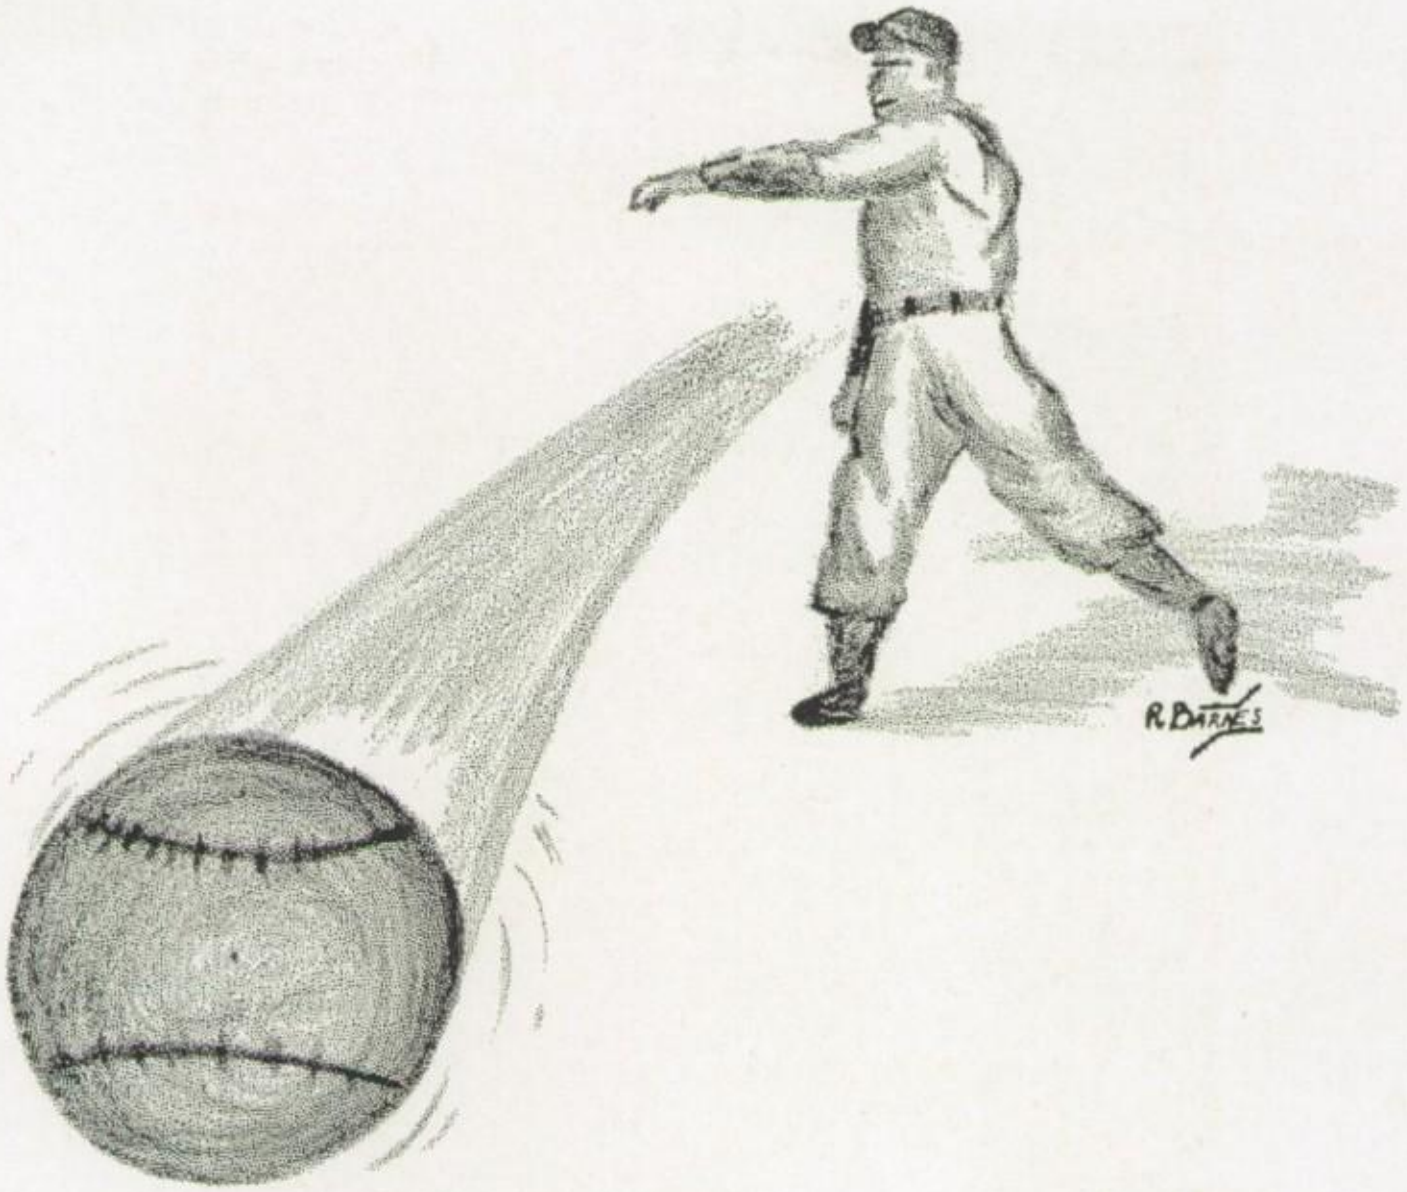
WHAT is a team without a coach? A coach is necessary for the success of a team. We, the class of 1955, wish to acknowledge Miss Fitzgerald as "Coach of the Year". Her earnest and genial support of all the teams proves to everyone what a good leader she is. Miss Fitzgerald was always at the senior play rehearsals, coaching. The intensive instruction in her classes brought most of us in safe at home. Some would have been put out of the game, had it not been for her sincere and prudent advice. We hail you, Miss Fitzgerald, as "OUR IMMORTAL COACH".



Foreword

BASEBALL, the All-American game, is the theme of our 1955 yearbook. As you read the following pages you will notice that the classes and activities are associated with a baseball team. The seventh graders comprise the Little League, and the seniors make up the Major League.

After "long years have come and passed away" we hope you will glance through these pages and recall the many pleasant activities of the happy years spent at O.F.A.

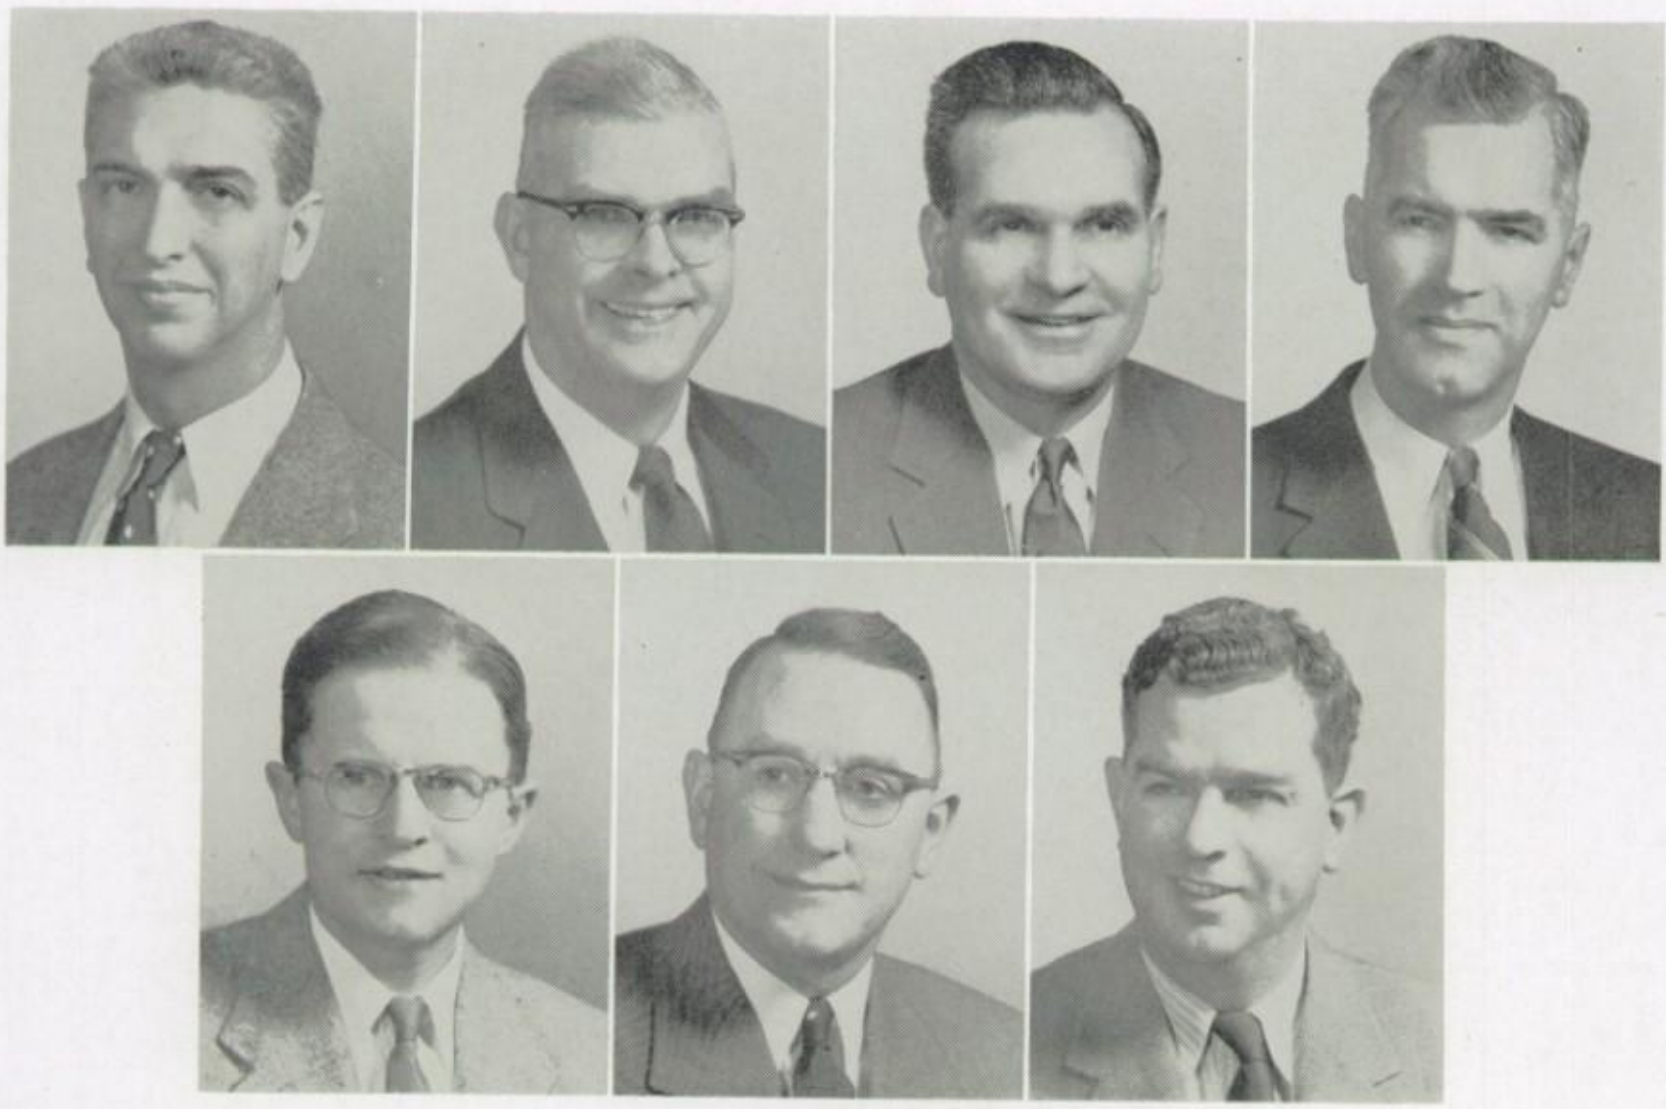
The Umpires of Our League



BOARD OF EDUCATION

Top row, left to right—Dr. Tracy J. Gillette, Keith Famulener, Jacob Livingood, Harold Newcomb
Row two—George Pringle, Gilbert Shults, Charles Steele

IN THIS game, the game of education, it is vitally important that we play fair. Education is the most important game thus far in our young lives; we must not strike out. It is the job of the umpires, our school board, to enforce the regulations for playing this game.

Our Board of Education is composed of men who know the rules, men whose sole ambition is to guide us during our school years so we will be prepared to score in the big game—the game of life.

W. G. MORGAN
Associate Superintendent

The Scorekeepers

THE "game" of education has much in common with America's national pastime—baseball. Each offers a direct and forceful challenge to the country's youth to achieve victory in the American way.

Accurate scorekeepers are as necessary to a high school course as to a baseball game.

The records for the Owego-Apalachin Central School District are safely entrusted to its efficient office staff, headed by Stanley Sherwood, accountant, and including Mrs. Patricia Tiffany, clerk, and Mrs. Betty Weber, stenographer at the Superintendent's Office, Mrs. Dorothy Budney, Stenographer and Mrs. Gloria Milks, clerk at Mr. Vance's office.

For these painstaking tabulations of our runs, hits and errors, as well as those of the school system, we salute the workers of this hard-working, little-praised staff.

Lower left—Mr. Sherwood and Mrs. Tiffany ponder over the figures at the Main Office.

Below—Mrs. Weber takes a call at the Office of the Superintendent.

SHELDON E. GUILE, ***Superintendent of Schools***

OUR heritage has given us many Institutions typically American—Unique to our Nation and Way of Life.

You who are about to leave one of these Institutions, the American High School, have chosen another, Baseball as the theme of your "Tom Tom."

Baseball and High School have more in common than many realize. Both had their beginning in the last half of the nineteenth century, and spread throughout the Nation following the Civil War. But of far greater significance, is their similarity of principles, among which one must mention —recognition that ability has no race, color, creed or economic status, equal opportunity for all, and that to achieve one must work.

These principles have influenced not only your school and sport life, but will carry on into the year ahead—in industry, the community and in the home.

Those of you that have learned well the rules of school and sport will have little difficulty with the rules of life. A strike out will not defeat you, for you have learned from Baseball the importance of the "will to win."

All of the faculty wishes you the best of success in your future life.

Sincerely

SHELDON E. GUILE

K. A. VANCE,

O. F. A. Principal

Kenneth A. Vance

BASEBALL is a very appropriate name for the theme of the Tom Tom, because both are leaders in their own fields.

Baseball is a symbol of our American life. May you students continue along with your education and attain the heights of this great game. May you circle the world as one circles the bases, be as well acclaimed and have your name as famous.

We might say that there are four bases in education from which you may graduate; namely, kindergarten, sixth grade, high school and college.

Life is a game made up of rules to guide each and every one of us. Adhere to those rules and you will achieve by yourself where a baseball must be given inertia.

May I share with you the following poem—

We can't all play a winning game—
Someone is sure to lose,
Yet we can play so that our name
No one may dare accuse;
That when the Master Referee
Scores against our name,
It won't be whether we've won or lost.
But How We've Played the Game!

KENNETH A. VANCE

The Mentors

EVERY team needs coaching. Even if every player is a star, if teamwork doesn't prevail there will be no winning team. Here is where our coaches prove their worth. Whether we are stars or rookies, we are taught the value of teamwork and co-operation, which are needed to win. We students must all act as catchers when the faculty is pitching. When we come out of our "dugouts" for a full day of practice, we look toward the managers for incentive. Discouragement comes frequently during our training, but when we are struggling toward "third" we can rest assured that our coaches are there to wave us "home". We can count on them for the inspiration to make that "grand-slam" homer when an extra score is needed. Although we can't all be pennant winners, the coaches are always around trying their best to help us make the "Hall of Fame".

The Biggest Game of All

HAPPY DAY! Safe at home plate with the pennant!

Our teachers, the faithful coaches responsible for our attainment of that most coveted pennant, the graduation diploma, regard their team as a most promising group to compete with Life in the World Series of Tomorrow.

Our captain, the class president, heartily congratulates each player as we trot off the educational ball field. Our managers, Miss Goodrich and Mr. Collings, are proud that their efforts have successfully guided our team to a victory over our most distinguished and difficult opponent, the New York State Regents.

Our scores, posted on report cards after each base hit, reflect the pleasing batting average of our team as we scored hit upon hit and won each base in rotation—freshman, sophomore, junior, and senior. We won them all! Realizing at last the merit of our batting averages, we wish to thank our parents, the team mascots, for providing the encouragement and incentive necessary to accept victory or defeat in a sportsmanlike manner.

And now, as we go forth to compete in the World Series of Life, we are sad, but yet exultant, knowing that our places will not be vacant, but filled with a new and perhaps greater team, the Youth of America, having the same hopes, the same despairs, and the same obstacles to surmount. We wish them success with all our hearts, and as we pass through the gateway of our stadium, Owego Free Academy, and see far ahead the shining reward of victory in the biggest game of all—the game of Life—may the greatest umpire of all, our God in Heaven, look down and say, "My children, you have played the game and played it well; so, may you dwell in the House of the Lord forever."

DEAR FELLOW CLASSMATES,

Our years in high school can be compared to spring training in baseball. The teachers have coached us in playing the game and have now put us on our own. Whether we get on base or strike out is yet to be determined.

No matter how the games goes, we shall always recall with joy the good times we have had at O.F.A. I shall cherish all of your friendships and remember the fine cooperation you have given me. It has been a great honor to be your president.

Now may I wish you the best of luck, and may God bless you and be at your side always.

Sincerely,

Jim Skellenger

Third Base

WE, THE members of the Junior Class, have now reached third base and are working diligently to cross home plate which is graduation. We are grateful to the coaches, our parents and teachers, who have helped us reach third. With their continued help, we are confident of scoring for O. F. A.

We, the graduating class of '56, are proud of the contributions that the members of our class have made, both in the field of scholarship and in extra-curricular activities.

High on our batting order are Barry Billings, Linda Brown, Francis Gray, Dorothy Kemp, Richard Morey, Ralph Thomas, and Doris Very.

In athletics, we also have a high percentage. Half of our football and basketball varsity squads were composed of juniors, as were our wrestling, baseball, track, and tennis teams. Also, four junior girls were on the varsity basketball cheering squad.

Then, too, there are the other activities, such as band, orchestra, concert chorus, choir, dramatics and Junior Red Cross, in which we juniors took an active part.

However, we juniors agree that if it were not for the excellent counsel of our advisers, Miss Curtis and Mr. Truman, our class would not have been one of the most successful. With their help we put on one of the biggest record dances in the history of the school. For St. Patrick's Day we made shamrock favors—the sale of which turned out to be a good money-making project. We also held a very successful bake sale. Last, but far from least, was the Prom, the biggest single event of the year.

Now as most of us head for home, we leave with the hope of having made a good impression for those on first and second. We are confident that, with hard work, we shall make one of the greatest scores that the O. F. A. has ever had.

Keystone Year

LET US compare our school life to the great game of baseball. When we were in grade school, we were in the minor leagues. In Junior High School we were promoted to the second string in the major leagues. But, now the going was getting rough. Our ambition was to get on the first string team. Finally we made it at the end of the eighth grade, and each of us was given a chance to decide what position in the field he wanted. This, of course, meant choosing a special course.

The first year we started working in earnest to make at least first base. In other words, we were working on the points that would determine the hit or strike-out we might make in our future careers. At the end of our freshman year we were on first base.

Then as sophomores with our instructors drilling the fundamentals of the game into us, we were striving toward second base, still specializing in order to become more proficient in our chosen courses. After our regular work was done, we began to explore other fields in order to broaden our interests and skills.

Many of the sophomores are in O. F. A.'s concert chorus, orchestra or band. Some of the girls in this year's Sophomore Class have made very good cheerleaders and majorettes. Some of the boys have made their mark in sports; basketball, wrestling, etc.

All of our sophomore activities have been well planned, largely because of the very good work of our adviser, Mr. Brown; our class president, Pete Mallory; our vice-president Gary Root; our secretary, Allan Gowe and our treasurer, Alice Russell.

School, like baseball, is based on the individual's ability as well as that of the team. We are learning to "play the game" and whether we win or lose we will try to become good sportsmen in every sense of the word.

First Base

WE'VE finally made first base and what a hard job it was! Most of us made sure hits. Others weren't quite so lucky and needed another turn at bat, but we all made it one way or another.

We elected Gary Kuhns captain of our team, and Mr. Bradley adviser. The rest of the coaching staff consisted of Caroline Simons, vice-president; Janet Milks, secretary; Gay Petzold, treasurer, and Sherill Emerson and Dale Leonard, Student Council representatives.

We supported our school's athletics by the making and selling of booster tags. In sports and music, several of our classmates exhibited outstanding talent. The good sports had lots of fun during freshman initiation.

We soon discovered, however, that our ninth year was not going to be all sports and recreation. Everyone had a chance to explore different fields, which helped us plan our future careers.

As we stand on first base we realize that the most difficult part of our journey to home plate and success is yet to come. We all wish to reach second base without being stranded, but to do this, we know we must utilize all our speed and drive. We hope that our four years in O. F. A. will be all hits, runs, and no errors!

WE eighth graders of 1954-1955 are striving to play a more acceptable game in the art of living and education. We find it much like baseball in many ways. A good player for either game must acquire skill and knowledge, observe good sportsmanship, and be willing to accept responsibility.

Promotion in baseball depends on a satisfactory batting average. We also must earn a satisfactory average in the basic subjects which are English Part II, English Part I, Math, and Citizenship Education in order to be promoted to the major league next fall. We must keep our eyes on the ball if we attain this goal.

A high percentage of our enrollment have been active in extra-curricular activities. These, plus our other subjects, have taught us teamwork and laid the groundwork for more active citizenship when we enter high school.

Student Control Day is our big memory item of the year. Our subject in English Part II that day was, "Plus the 3 R's." It helped us appreciate the many opportunities for recreation which our fans, the people of the community, provide for members of the teams.

Although training has been hard at times, we have enjoyed playing the game in the minor league. We hope to greet you as members of the major league next year.

EDUCATION is like the great game of baseball! We have come from the sandlots of elementary education to the little league of seventh grade. We are conscious that now we will be obeying the rules exactly and making fewer strikes and errors than in the past. The pennant, our diploma, will be ours only after four hard years of training.

The teacher as our skillful manager guides us in mastering our various subjects. Each term or inning we are taught to have fewer errors and more home runs.

During the seventh inning stretches, we enjoy extra-curricular activities; such as, music, library and gym. We have interesting and educational assemblies and class meetings to make the game exciting. Football and basketball are the hits of the game.

Our wide assortment of subjects are guiding us to be more skillful players in the game of life. If we made fouls in our examinations, we were straightened out by the umpire. Visual Education is an enjoyable addition to our class work.

Every game that is played is a further step toward the major league. As we learn and our batting averages improve, we hope to be playing in the World Series. Then the ultimate reward, our diploma, will be awarded to us.

BASEBALL season is here! At bat we find the members of the Tom Tom Staff ready to raise that score.

Our three able coaches are Mrs. Ellis, manager of advertising, sales and typing staffs; Mr. Ellis, director of production, art and photographic departments; and Miss Hamilton, supervisor of the write-ups for the Tom Tom.

First up to bat is the sales staff, which successfully sells our yearbook to students and teachers alike. Through their efforts a point is gained. Next up is the advertising staff which works very diligently to collect the funds that make our Tom Tom possible. Thus, another home run is made.

Our very capable umpire is the senior section. It performs many important duties such as helping to select the cover and theme of our yearbook.

Through the teamwork of these able staffs and the backing of the secretarial practice class we are victorious in bringing to you one of the finest yearbooks we have ever had.

Talk It Up

THIS year, for the first time, there was a public speaking class where the players were drilled and trained to speak with ease and poise under the leadership of the coach, Mrs. Turner, and the practice coach, Miss Deisig. When the time came for the "big game" at Kiwanis, where one player was chosen from four teams of three each, to compete in the finals, the players were well prepared to do their best at bat. At another game at Spencer High School Joanne Valabek represented Owego in the Tioga County American Legion Oratorical Contest, and came in a well deserved second.

The Managers

THE Student Council is one of the most important teams in the Owego Free Academy. This year the co-captains of the squad are the President, Darrell Mantei, and the Vice President, Carol Shrauger. Into our dugout came many problems to be ironed out and the Council worked hard to strike out the problems and cheer the team to victory. Among the many outstanding hits the Council has credited to its score, was the annual "Student Council Talent Show," which was a big success this year. The Student Council has had a good batting average in making this year a memorable one for everyone.

Double Play

THE throw to first! Over to second! A double play retires the side. It seemed just that fast to the team that played in "The Late Christopher Bean"—the first night performance, the second night, and it was all over.

"Fungo" practice was held under two very able coaches, Miss Goodrich and Miss Fitzgerald. This year's team even had a "trainer," Miss Joanne Deisig, who came down from Ithaca College. Rooting from the bench were members of the make-up committee, the property committee, the wardrobe committee, the business staff and the advertising staff. Despite coffee-breaks, apples and gales of laughter, we came through with a real hit and a very successful season.

The play, set in a small New England town, was a sophisticated comedy in which a very honest and honorable doctor and his not too honest and honorable wife and elder daughter learned, through the workings of their naive and rather simple maid, that money isn't everything.

Team Work

FOUR years ago we were rookies. Although we had some talent, it was undeveloped. Under the careful guidance of our instructor, Mr. Andrews, we learned the fundamentals of machinist work. This was the first hit in our game. When our first year in shop was completed we had finished our bush league experience and were ready for our major league debut. The next two years were spent furthering our knowledge of mathematical computation and machine drawing.

Last fall we again entered shop for our last course. In the first quarter we organized our shop with a chart that moves one position each week. Each fellow starts at the bottom as fourth assistant clean-up foreman and works up to be superintendent. In the second quarter we organized a Machinist Club and advanced to second base. Now in the last quarter we are on third base. Our next contest is with the final tests. With the help of our coaches we hope to win the game and achieve success in the future.

Country Flies

DOWN country basepaths come the boys who make up the team known as the "Future Farmers of America." The purpose of this club is to teach sportsmanship and co-operation.

This club, which is run by agriculture students, begins each year's training by electing officers. These officers, managed by Mr. Gormel, our vocational agriculture teacher, plan the activities of the F.F.A. Each year members of our team participate in a F.F.A. Rally and compete with other schools in the county for honors in dairy, poultry, and crop judging.

Our basketball team, by winning the boys' noon hour basketball championship, ended in a very successful season.

A "new play" which our F.F.A. team is perfecting is a summer crop demonstration for the benefit of our club members and local farmers.

Each year our club winds up its season by financing a trip of scenic and educational value. This year's final run will be a summer trip to New York City.

Agriculture I class members, Bruce Tennant and Lester Carman, check the results of seed germination tests.

Andrew Hunt finds out the butterfat test of one of the cows in his home herd. Fred Carrigan makes a "double check."

New York Philharmonic's Farm Team

WE began our winter training last September in preparation for the Senior Play (-off). One player is (piano) benched; another played first bass (drum) and the other member of the "battery" is well-known for "striking out" rhythms.

The orchestra made a "hit" at the Play(-off) and "struck out" with such tunes as "Syncopated Clock," "Trumpeters' Lullaby," and "Spanish Dance." The violins and cello had to "pull strings" to get on the team. The trombones slid in and scored a home-run with "Star Dust." Selling "licorice sticks" in the stands we have the clarinets and oboes. The flutes are used as peanut whistles.

Before going to bat the sax players try different sizes to see which best suits him. There is alto, tenor, and baritone. The trumpets and horns give us a fanfare as we run onto stage.

In April, we played the "series" at Spencer against Waverly. We're sure by the end of the season, the conductor will go "batty."

Miss Komenda and Mr. Keagle coach students in the finer points of playing.

LAST fall with the excellent help of our managers and players we accomplished our many plays that were performed at our "half-time shows" at the football games.

As colder weather came we started to train indoors to get in shape for the big game in March. The performance was well cheered and enjoyed by the spectators. This battle could not have been won without our daily practice.

The week following, Coach Keagle wasted no time in starting spring training, getting us ready for the World Series Contest. We are well represented with "All-Stars" in the County band.

It has been a good season for all of us. The rookie players have also shown us that in future years we can hope for the best in the band. Our coach, Mr. Keagle, and the spirited players have led our band to victory.

A Winning Team

THE Vocal Music Department under the coaching of H. Carroll Collings has consistently hit 300 this year.

The first team, Concert Chorus, has scored homerun after homerun in such engagements as the Thanksgiving Concert, the Christmas Concert, the County Festival and their many personal appearances before area organizations. Recognition of their ability and versatility was shown by the fans when the whole village supported the production of the "Pirates of Penzance," sponsored by the P.T.A.

The department has been operating in the big leagues, supported in the dugout by such outstanding substitutes as the Junior High Chorus, the Girls' Chorus, the Boys' Choir, the Boys' Octet, the Girls' Sextet and Mixed Choir.

Some male chorus members join in informal song at Talent Show.

First Aid Station

THE Junior Red Cross, started this year, has about thirty members. We have accomplished seven innings with the referees, Mrs. Hartman and Mr. Brown.

First inning—we promoted school spirit at football games. Second inning—we helped with two blood-mobiles. Third inning—we helped with the Civil Defense test. Fourth inning—we made and distributed favors for the nursing homes at Thanksgiving. Fifth inning—at Christmas, some of our members put on a show at Tioga General Hospital. Sixth inning—many of us helped to pack the Junior Red Cross boxes for overseas. Seventh inning—we had a candy sale. We hope to complete the eighth and ninth innings by the end of the year.

The Rookies

IN the "O.F.A. League," the Dramatics Club comprises the team that must perform with the ease and grace of professionals. At mid-year the participating Juniors began "training."

We "warmed-up" with pantomimes and progressed to dialogues, skits, and other short speaking parts. Our aims for the year are one-act plays and scenes from various well-known dramas. Under our "manager," Miss Goodrich, we won victories over shyness and self-consciousness.

Our goal is to become stars rather than maintain our present "rookie" status. The big game will be next year's Senior Play, which, with constant practice, we hope to make a success.

Hit 'em Hard

AS YOU all probably know, the Owego Indians' football team of '54 wasn't as strong as in recent years. The Indians lost 15 players, 13 of whom were lettermen. This left a well depleted squad with but 4 lettermen for Coach Deeb to develop.

Although the team didn't score a win until the last game, the young braves went down with a determined spirit. The team had weight, speed and other factors that would have enabled them to be a winning team, but they lacked that all essential spark at the proper time.

Next year's team should be, and we hope it will be, one of the best in O.F.A.'s football history. The team will be well balanced with a swift backfield and an experienced line in front of them.

An exciting scramble for the ball during the Horseheads game.

Advancing Around the Bases

THIS season was one of hard luck for the Indians. Their record was eight wins and ten losses.

Although the team was not a title contender, they turned out to be spoilers. For the first time since 1952 we beat Waverly 60-57. In the last game Owego defeated Elmira Heights. This victory prevented the Heights from winning the league title.

We placed three in the league scoring race this year. Stan Sibley was third with 176 points. Gary Root and Tom Ash also made the top ten.

Also, this year, Stan Sibley and Tom Beauter were selected to be members of the Southern Counties' League All-Star team. Gary Root and Tom Ash received honorable mention.

Much credit is due Coach Deeb for the work he did with the boys.

The J. V.'s finished their season in fine tradition by becoming league champions. Our hats are off to Coach Bradley for the wonderful work he did with the team.

Passing the Ball Around

Is it a hit or a miss, as the noon hour basketball players try to score?

The noon hour basketball league, directed by Coach Brown, consisted of twenty-two teams, with a hundred and twenty-five students taking part. There was a Seventh Grade League, an Eighth Grade League, and the Senior High League.

Each league has an all star unit of players picked according to score and participation in the games. The all star unit plays the team that wins the league.

These teams give students, who can't take part in the Varsity or Junior Varsity Basketball, a chance to participate in a school sport.

Girls' Noon Hour Basketball

WITH Miss Curtis as manager, the girls' noon hour basketball season got into full swing in November.

This year there were nine teams seeking the pennant. Adelphia, with Theodora Steele as their captain, won first place in the league.

Theodore Steele, Donna Kuenzli, Edna Getzke, Lynn Bradley, and Sandra Cook all did a fine job in umpiring the games.

The teams in the basketball league this year displayed good sportsmanship. In winding up the season, our noon hour basketball teams knew they had made a "hit" with the students.

The Number One Fans

BEHIND a man there's a woman—and behind the teams of O.F.A. stand eighteen of the "Sightin'est" ones you ever knew. Two squads of cheerleaders, one of ten for football, and one of eight for basketball urge our men of might on.

With the help of our new advisor, Miss Curtis, the cheerleaders plan the pep assemblies, which this year took on a new note as they were held on the football field and in the gym. They also lead the crowd in the various yells which we hope encourage the teams to come in from the field and start along toward victory.

Baseball

IN 1954 the Indians suffered a somewhat dismal season marred by close defeats that could easily have been victories. Coach Brown did a fine job in molding a young team that gained the respect of their opponents. The Indians opened the season with a 6-5 loss to Ithaca. They were on the short end of the score six more times, including a bitter 4-3 defeat by arch-rival Waverly. Only twice did the Indians taste victory as they compiled a 2-7 record. They defeated Elmira Heights and Newark Valley. Although the season was far from successful the players gained valuable experience for a better team in the future.

Flashing Spikes

LAST year the O. F. A. track team had a highly successful season with a record of 4 wins and 2 losses. Jim Russell, Ed Miller, Dave Hallett, and Ray Latini represented O. F. A. in the Section IV tournament at Cornell. Jim Russell also went to the state tournament at West Point. Jim Russell and Henry Blaasch set new school records in the 440 and mile runs respectively. Despite the loss of several good men, this year's team looks forward to another successful season.

Row five—A. Bush, L. Anderson, R. Pierce.

The Hall of Fame

THE Varsity Club was organized in 1948 by Coach Deeb to raise money to buy sweaters for senior lettermen.

The Club has earned money through concessions during basketball games and dances in the gym after the games. The Varsity-Faculty game, which, incidentally, was won this year by the faculty, is also a means of raising money for the sweaters.

On The Ball

THE Owego Free Academy wrestling team had a very good batting average in the 1955 season. Out of 13 matches, the team won 10 and struck out on 3, which is very good.

There is a lot of good material for next season, even though six members of our team will be leaving with the Senior Class. The team will be batting for an even higher average in the years to come to make wrestling a popular sport for the O.F.A.
